

## Mr. Music

Donna Summer

I got my iPod, shake my body  
You got my going, so naughty naughty  
Hey Mr. Music, keep my focused  
Keep me moving, like you promised  
Take me back to another time  
Play that track, come on press rewind

Hey Mr. Music come on rock me  
Your so explosive, you really shock me  
In my soul, under my skin  
When its done, play it over again

I love music (I love it, I love it)  
I love music (I love it, I love it)  
I love music (I love it, I love it)  
I love music (I love it, I love it)

Hey Mr. Music, you get me through it  
You play it for me, know how to choose it  
You make me happy, make me cry  
You're always there in every part of my life

Hey Mr. Music come on and take me  
You got me dreamin', shake me wake me  
Never stop always in my mind  
All day or night, mr overtime

I love music (I love it, I love it)  
I love music (I love it, I love it)  
I love music (I love it, I love it)  
I love music (I love it, I love it)

Fridays been draggin' on, now I'm out

Time to play

Belly up belly up to the bar boy, let the money be seen  
Belly up belly up to the bar boy, like a party machine  
Belly up belly up to the bar boy, let the money be seen  
Belly up belly up to the bar boy, like a party machine

I love music (I love it, I love it)
