

# Rumour Has It

Donna Summer

There's a rumour, there's a rumour  
Rumour has it

Rumour has it all around the town  
Someone's looking for a girl like me  
Where can she be found  
I hope it's who I think it is  
I wonder if it's really him  
It's got to be the man I love  
No one else but him

Rumour has it

They say he's gonna make this girl his everything  
He's gonna love her and surround her  
With all those beautiful things  
It was the most wonderful moment in my life I had  
My life ended on that evening  
I lost him, Lord it hurt so bad

Rumour has it

You never know just what you've won until you've lost  
And the object of the game is not to pay the cost  
Anyone can play the game, there are no rules  
And you never know just what you've won until you lose

There's a rumour, there's a rumour  
Rumour has it  
There's a rumour, there's a rumour  
Rumour has it, rumour has it  
There's a rumour, there's a rumour  
Such a rumour

I know he's gonna find me  
I know this was meant to be  
Well you can change a lot of things in your life  
But not your destiny  
And when you find the best thing in life has come to you  
Hold it in your hand real tight or it may slip through

There's a rumour, there's a rumour

You never know just what you've won until you've lost  
And the object of the game is not to pay the cost  
Anyone can play the game, there are no rules  
And you never know just what you've won until you lose  
And you never know just what you've won until you lose

There's a rumour, there's a rumour  
Rumour has it  
There's a rumour, there's a rumour  
Rumour has it, rumour has it  
There's a rumour, there's a rumour
