

# Stop Me

Donna Summer

I was weak and I was blind  
You know I never ever wanted to put  
Our love on the line

You were right, and I was wrong  
I should have listened to the words  
You said  
But I was too headstrong

So if you've heard this all before  
Don't let me carry on no more

Stop me, stop me if you think you've  
Heard this one, this one  
Stop me, stop me if you think you've  
Heard this one  
Stop me, stop me if you think you've  
Heard this one, this one  
Stop me, stop me, stop me

You said I lied, you said I cried  
But I had to say something fast in case  
You threw me aside

I didn't know, I couldn't guess  
If I only would have known I never  
Would have been in this mess

But if you've heard this all before  
Don't let me carry on no more

Stop me, stop me if you think you've  
Heard this one, this one  
Stop me, stop me if you think you've  
Heard this one  
Stop me, stop me if you think you've  
Heard this one, this one  
Stop me, stop me, stop me

But if you've heard this all before  
Don't let me carry on no more

Stop me, stop me if you think you've  
Heard this one, this one  
Stop me, stop me if you think you've  
Heard this one  
Stop me, stop me if you think you've  
Heard this one, this one  
Stop me if you think you've  
Heard this one, this one  
Stop me if you think you've  
Heard this one, this one
