

# Wasted

Donna Summer

Wasted  
I'm so wasted  
Empty since you left me  
I still need him and want him  
Without him I'm nothing  
If I can't do something  
To get him to come home on to me

Wasted  
Love's been wasted  
Guess I'm not too brainy  
I was selfish and foolish  
I used and abused him  
And laughed when he threatened to walk out  
But now he's done it

He was like the moon  
He had his darker side  
But he could be the sun  
Shinning in the light

Wasted  
Sure I'm wasted  
Knowing he don't love me  
Such a sad thing about him  
To know that I love him  
And nothing I say or I do will return  
Say I'm wasted

He was like the moon  
He had his darker side  
But he could be the sun  
Shinning in the light

Wasted  
Sure I'm wasted  
Knowing he don't love me  
Wasted  
Sure I'm wasted  
Knowing he don't love me..
