## Wasted

I'm so wasted
Empty since you left me
I still need him and want him
Without him I'm nothing
If I can't do something
To get him to come home on to me

## Wasted

Love's been wasted
Guess I'm not too brainy
I was selfish and foolish
I used and abused him
And laughed when he threatened to walk out
But now he's done it

He was like the moon He had his darker side But he could be the sun Shinning in the light

## Wasted

Sure I'm wasted
Knowing he don't love me
Such a sad thing about him
To know that I love him
And nothing I say or I do will return
Say I'm wasted

He was like the moon He had his darker side But he could be the sun Shinning in the light

## Wasted

Sure I'm wasted
Knowing he don't love me
Wasted
Sure I'm wasted
Knowing he don't love me..
