

# Whatever Your Heart Desires

Donna Summer

I've never had the luck to find  
This kind of love in my life before  
I knew there must be more  
The room started swaying  
And bands started playing  
Inside of me  
Since you stole my heart  
Come on boy, take the rest of me  
The best of me

What...ever your heart desires  
Whatever you may need just for you  
What...ever your love requires  
I'll follow your ever lead

I glad this time  
Fate has changed her mind  
Took the tears from my arms  
Imitations of love  
Just left me feeling bad  
All alone and so sad  
But this is the best  
Love I've ever had, I've ever had

What...ever your heart desires  
Whatever you may need just for you  
What...ever your love requires  
I'll follow your ever lead

I'm not afraid  
This time  
This is my kind of love  
So much joy in my life  
More than I was dreaming of  
The room started swaying  
The band started playing  
Inside me  
Since you stole my heart  
Come on boy, take the rest of me  
The best of me

What...ever your heart desires  
Whatever you may need just for you  
What...ever your love requires  
I'll follow your ever lead  
What...ever your heart desires  
Whatever you may need just for you  
What...ever your love requires  
I'll follow your ever lead
