

# Broken Promises

Donnie Iris

You promised me your time you know  
Time is something we all need  
You promised me your love would grow  
You promised everything  
But that was yesterday  
You threw it all away  
Ain't it a shame  
Love's a game  
Full of broken promises

CHORUS

All the broken promises  
Love could never be like this  
Lips that give the tender kiss  
Make the broken promises

You promised me your heart you know  
You promised me you'd be true  
You promised me we'd never be apart you know  
But you cut my heart in two  
There goes my happiness  
Here comes old loneliness  
Ain't it a shame  
Love's a game  
Full of broken promises

REPEAT CHORUS

Congratulations girl, you win  
You broke another heart again
