

I'd Rather Go Blind

Donnie Iris

Than see you with another man
I'd rather go blind
Than see you with him
Lie in his bed and take him inside
I'd rather go blind

I'd rather go deaf
Than hear you call his name
When you make love to him
Hear you moan like you moan for me
I'd rather go deaf

Now I want you to be happy
So don't think I'm unkind
But if it's got to be with someone else
I'd rather go blind

I'd rather not speak
Than tell you a lie
Rather say nothing
Than compromise

Baby, I love you
I want you to be all mine
Anything less, I'd rather be blind
I want to possess you
I want you to be all mine
See you with another man
I'd rather go blind
