

Hollywood Girl

Donnie Klang

She moved out to Hollywood
Because she wanted to be a big star
And party on the floor with the rockstars gettin it on
Five star restaurants couldn't burn a bone
She prayed for livin the life of a million every night
Shes addicted to the life

The lavish life of a Hollywood girl,
Party all night,
Gettin' high off life,
Party all night

(welcome to Hollywood)

Directors, movie scripts, champagne, take a sip
Shes headin' straight to the top
Flyin' on the first class planespeedin' in the fast lane
Headed to the Oscars who's gonna stop
Who's gonna be there, baby when it all goes down?
Shes addicted to the life

The lavish life of a Hollywood girl,
Party all night,
Gettin' high off life,
Party all night

(welcome to Hollywood)

Inhale-ex hale the night light,
Champagne keeps pourin' all night,
Keep movin' till the sunrise, till we break daylight....
Inhale-ex hale the night light,
Champagne keeps pourin' all night
Keep movin' till the sunrise till we break sunlight

The lavish life of a Hollywood girl,
Party all night,
Gettin' high off life,
Party all night

(welcome to Hollywood)
