Feat. KP

You sure do move it like a viper girl
That you my typa girl

Loddi Doddi
We like to party
I spot few hotties
As they work their
Body odies
At the party party
Couple of hottie hotties
But there's one girl that caught my eye
She was slim in the waist
Wit a cute lookin face
And she looking impatient
Like I gotta take her home
I know she wanna get out of here
So I'm whisperin in her ear

Like
My my look at them thighs
N eyes I can't keep
My eyes off
Why try? she's everythin that I like
BABY

She on the floor n she know what she
Workin with
I'm on the floor like
That's my typa girl
Stand about 5'5
And she tworkin it
Come through the door like
That's my typa girl
Can't see no-one else
When she poppin it
I tell a friend that that's
My typa girl
N she got that the style
When she dropping it
I take her home cause
That's my typa girl

Round 2 in the hotel lobby
Frisk her down like
She just robbed me
Got a perfect body
Baby girl you got me
Feelin like you're
The one at the party
I'm all up on her
It's hot like a sauna
I love the way she keep it
Comin back like karma
She get from her mama
She ain't got no drama

If you can't tell by now girl I want ya, oh

Like

My my (oh)

Look at them thighs (yeah)

N eyes I can't keep

My eyes off (oh I)

Why try? she's everythin that I like

(You're the typa of girl that I like)

BABY

She on the floor n she know what she

Workin with

I'm on the floor like

That's my typa girl

Stand about 5'5

And she tworkin it

Come through the door like

That's my typa girl

Can't see no-one else

When she poppin it

I tell a friend that that's

My typa girl

N she got that the style (whoah)

When she dropping it

I take her home cause

That's my typa girl

I see her lick her lips

I see her twist hips

And now she knows

She got wrapped me round her fingertips

I got them blingin whips

Know how to fling my chips

To make this girl know how to tumble

To see them springing flips

Bendin over backwards

Cause I'm not the type

To mack her wit some wack words

Kissin n I ask her

But in a minute I plan to get up in it

And the way I move is absurd

Move it like a snake mommy

You're my favourite chick

There's no debate mommy

Can't hate on me

You sure do move it like

A viper girl n

That how I know that's your

My typa girl

Uh

She on the floor n she know what she

Workin with

I'm on the floor like

That's my typa girl

Stand about 5'5

And she tworkin it

Come through the door like

That's my typa girl

Can't see no-one else

When she poppin it

I tell a friend that that's

My typa girl

N she got that the style
When she dropping it
I take her home cause
That's my tupa girl
You sure do move it like a viper girl
That you my tupa girl
(Donnie: That's my tupa girl)
