

Which One

Donnie Klang

Let me start by sayin...
I still love you, but when you were gone, I met somebody.
I don't know...
I don't know what to do. Which one?

I never meant to be in the wrong, though I must admit that she
had me gone.
Caught up in believing that she was the one, I created a storm.
Let me explain what's goin on.
She kept me sane when you were gone.
I never knew all the things she would do... they remind me of y
ou.

I know I love her, but I gotta be sure. (gotta be sure)
She reminds me of the one I adore (one I adore)
I don't wanna be confused anymore
I gotta pick one (one, one, one, one)
Which one (one, one, one)
Which one?

I know this is strange, but let me go on.
It's like the more that she stayed, the more she belonged.
I wanted to escape, but it kept getting stronger and stronger.
(I couldn't leave her alone)
When I met her things suddenly changed.
Now I'm stuck in the middle tryin to find find my way.
I'm wonderin if this is all a mistake.
Nothin will ever be the same.

Baby I'm in love (baby I'm in love)
I'm in love with her too (I'm in love with her too)
I know that is seems unfair (so unfair)
??

(One, one, one, one repeated)
It wasn't supposed to be like this.
I mean it was one kiss and then we made love.
I'm sorry. I gotta pick one.
Which one?

[Repeat Chorus]
