

We All Are One

Donnie McClurkin

Listen can I have your ear
Everybody gather near
Can I ask a question now
Can somebody tell me how
How we got so separated
How we got so torn apart
When did we become divided
Tell me now, how did it start

Some are episcopalian, church of God, lutheran, cogc, presbyter
ian,
Gospel, and the ccn, baptist and methodist, oneness and the tri
nity
When will we remember we are free

And we all are one
We all are one my brothers
And we all are one
And we all are one my sisters
And we all are one
And we all are one together
One in the lord
And we all are one my brother
And we all are one
And we all are one my sister
And we all are one
And we all are one

Can we learn to love, (yes), without prejudice, (yes)
Can we learn to live, (yes), with togetherness
Are we one united, (yes we are), are we undivided, (yes we are)
,
Are we past the past, (yes we are), are we free at last, (yeaaa
a...)

Tell me can you hear the sound
Dividing walls are falling down
Loving God and loving man
Holding up each others hand
Differences are tolerated
Starting bonds of unity
Showing all the world we are free

And we all are one One in the lord [repeat often as like]
