

# Misty

Donny Hathaway

Look at me  
I'm, I'm as helpless as a kitten up a tree  
I feel like I'm clinging to a cloud  
I can't understand  
I get misty holding your hand  
Yes I do  
Walk my way  
And a thousand, a thousand violins begin to play  
It maybe the sound of your hello  
Ooo the music  
The music I hear  
Heeeeey  
You know  
I get misty whenever you're near  
Yeah  
You can say that you're leading, leading me on  
Lordy, but it's just what I want to hear  
Haven't you noticed  
How hopelessly in love  
That's why  
That's why I'm following you  
Yes I am  
Yes I am  
Baby  
On my own  
Ooooooooo  
Let me wonder  
Let me wonder, you didn't want to let me know  
Never knowing my right from my left  
My half of my love  
Oooooo  
Yeah  
I'm too misty and too much in love  
Yes I am  
ooo  
Baby  
I'm too misty  
Yeah  
Misty and too much  
Too much, too much in love  
Yeah  
Heeeeey
