

We're Still Friends

Donny Hathaway

This is a little song about a couple that was in love
And they had to break up
And they ran into each other on the street one day
And here's the conversation

Hello friend, how has it been
Ain't it wonderful, you've got a friend
Though we've changed in our endeavours
I found we still some things in common
Ain't it strange but wonderful
That we...we're still...friends

Through our hearts, we've never parted
But through our living
We're friends, through friendship all
And the way we are when we're together
Let's us know that we still, love one another
Ain't that strange, but wonderful
That we...we're still friends, yeah

It ain't strange but wonderful
That we...we're still friends

Hello friend
How has it been
Ain't it wonderful
You you got a friend yeah
You got a friend, yeah...
