Donny Osmond

Baby, you're driving me crazy I don't want anybody thinking about you  
In the way that I'm thinking about you Oh baby  
Don't think you know me maybe  
Cause I know that you're feeling like I do  
And right now's the time to talk to you

No matter what happens I ain't giving it up  
Every single day I'm falling deeper in love  
I ain't never ever been so happy And I know why I'll tell you why

Cause I got sunshine every day  
Pull up a sunbeam Everything's right yeah  
Thoughts of you come breezing through  
Why cause the clouds aren't in my way  
Pull up a sunbeam Everything's right yeah  
Summer days and nights just breeze on by

We know they just breeze on by

Oh this time don't give me excuses  
Cause I wont take no for an answer  
And I wont be letting go now that I found you  
Oh lady wont you come and save me  
Oh I can't imagine living without you  
And right now's the time its up to you

You are everything that I ever desired  
Loving that you give is just too good to hide  
I'm never gonna stop and your gonna give in and why  
I'll tell you why

Cause I got sunshine every day  
Pull up a sunbeam  
Everything's right yeah  
Thoughts of you come breezing through  
I cause the clouds aren't in my way  
Pull up a sunbeam  
Everything's right yeah

Summer days and nights just breeze on by

Cause I got sunshine every day  
Pull up a sunbeam

Thoughts of you come breezing through  
I cause the clouds aren't in my way

No matter what happens I ain't giving it up  
Every single day I'm falling deeper in love  
I ain't never ever been so happy  
And I know why, I know why  
You are everything that I ever desired (my desire)  
Loving that you give is just too good to hide  
I'm never gonna stop and your gonna give in

And why, I'll tell you why

Cause I got sunshine everyday  
Pull up a sunbeam  
Everything's right yeah  
Thoughts of you come breezing through  
Why cause the clouds aren't in my way  
Pull up a sunbeam  
Everything's right yeah  
Summer days and nights just breeze on by

Cause I got sunshine everyday  
Pull up a sunbeam  
Everything's right yeah  
Thoughts of you come breezing through  
Why cause the clouds aren't in my way  
Pull up a sunbeam  
Everything's right yeah  
Summer days and nights just breeze on by
