

# Ours

Donny Osmond

Ours, a love that's yours and mine  
Until the end of time, always on my mind  
Ooh, at times, the feeling that we share  
I know the way you care, ours is always there

Just let it be always together, you and me  
Throughout the land, walking together hand in hand  
We understand that

Ours, ours will long endure  
Ours belongs for sure  
Ours forever more

Throughout the land, walking together hand in hand  
We understand that

Ours, ours will long endure  
Ours belongs for sure  
Ours forever more, ours forever more  
Ours forever more
