

Changes

Donots

We're getting better day by day
We grow and rise up when we fall
So let the changes stay the same
And someday we'll be ten feet tall
Is it the world or is it you?
Is it the world?
Is it the world or is it you?
Is it the world?
Is it the world or is it you?
Is it the world?
Is it the world or is it you?
Is it the world?
Nothing changes
Changes
We're strangers again
Well, we could have known
We should have known
This is not the end
Nothing changes
Changes
We're strangers again
Well, we could have known
We should have known
There ain't no end
We're getting better day by day
This is not the end
