

## Into The Grey

Donots

Sail on, sail on  
My sinking ship sail on  
When up is down  
And wrong is right  
Sail on  
Row on and on  
my fellow men go on  
Till we get lost  
between the night  
and dawn  
Hold on, hold on  
my little boat, float on  
to hell and back  
until we're dead  
an gone  
Sing on and on  
Join in, mx friends, c'mon  
Won't keep you warm  
hey hey  
whatever they say  
hey hey  
Into the grey  
To hell we race  
all night and day  
they say, hey hey  
hey hey  
whatever they say  
hey hey  
whatever we stay  
just keep the course  
into the grey  
they say, hey hey
