

## Lady Luck

Donots

I swear there were times  
When I felt a little more at ease  
Had a better sense of humour  
And I had a strong belief  
I guess I am a realist  
But tend to be a pessimist  
Ever since the very day she left me  
It's not easy to lose all your  
Faith in humanity  
Why don't you switch on the TV  
In case you don't believe me?  
The world is going down the drain  
Somebody must be to blame  
Cause everybody's slowly going crazy  
And I wanna know who shot lady luck  
Tell me, who shot lady luck that day  
Tonight I drink to all my friends  
Abandon ships, this is the end  
Everybody's a potential killer  
I guess I know who shot lady  
I know who shot lady luck that day
