

Life Ain't Gonna Wait

Donots

Don't be too late
Life's too short to waste away
Don't sit and wait
Cause nothing gold can stay
It's hit or miss
So take what you can get
Catch your breath
Before they want it back
Life ain't gonna wait for you
No matter what you're gonna do
Stop complaining, hesitating and find the truth for you
Cause life ain't gonna wait for you
So you're here today
But you'll be gone tomorrow
Play or be played
Only the stupid follow
Nothing gold can stay
Life's too short to waste away
Don't sit, don't wait
Don't be too late
Don't sit, don't wait
Don't be, don't be, don't be...
(Too late)
Don't give in, step right in, do what you gotta do
This life ain't gonna wait for you, alright
