Donots

Come, take a breath
Make this moment last
Be here right now
This is the place and time
Forget the world
And leave it all behind
It doesn't take a word
And all i need to know is here
There's comfort in the silence
When you're near
Give me shelter
When the day comes
Crashing down on me
I'll tide you over
I will give you
Everything (you need)
Let's take a breath
It might be our last one
Make this moment last
Make it the best one
