

## The Years Gone By

Donots

Here's to the years gone by  
To rivers running dry  
Where have you been all your life?  
Time takes too much time  
A bitter kiss good-night  
Where have you been all your life?  
How can you say you've come a long, long way?  
You only wait for yesterday  
Here's to the years gone by  
To rivers running dry  
Where have you been all your life?  
Time takes too much time  
A bitter kiss good-night  
Where have you been all your life?  
How can you say you've come a long, long way?  
You only wait for yesterday  
Let the truth be told  
Heaven knows you got hell to pay  
Let the truth be told  
You wait for yesterday  
Here's to the years gone by  
To rivers running dry  
Where have you been all your life?  
Time takes too much time  
A bitter kiss good-night  
Where have you been all your life?  
Where have you been all your life?
