

what is the truth ?
and whats a lie ?
it seems to me
that in the end
everybody may decide
convictions bleach
when you realize
that they are gonna
misconstrue your words
whenever they like
can you believe it ?
you think you know them for so long
can you believe it ?
in the end you cant trust anyone
they push every word from the platform of the truth
cause a fallen story tells twice as good
keep on pushing, i?m gonna swallow every word
keep on buggin me, we will see who throws the dirt
in that...
word-play
word-play (yeah)
what is the truth ?
and whats a lie ?
it seems to me
that the opposites
can (easily) be intertwined
so speak your mind
but mind the words you speak
because in the end
you might find them
where they shouldnt be
can you believe it ?
you think you know them for so long
can you believe it ?
somehow the right ideas always end up wrong
(lack of comprehension?
idont think so
disapproval is deliberate
word-play....
