

# Black Widow

Donovan

Kiss me sweet lover  
And linger long in ecstasy.  
Mingle our fluids,  
Flirt let me flame thee.  
Come into my parlour,  
Come sit but a droplet  
Of my secret rain.

'Cause I'm the black widow, woe,  
I'm the black widow, woe,  
And I eat my love  
And I eat my love  
And I eat my love  
And I eat my love.

I offer my pleasure  
But never my love,  
You may need me forever  
But I don't need your love.  
If you try to repel me  
Your body will howl.  
I set your spirit free,  
You can depend on me.

'Cause I'm the black widow, woe,  
I'm the black widow, woe,  
And I eat my love  
And I eat my love  
And I eat my love  
And I eat my love.
