

## Cuttin' Out

Donovan

I went down to Josie's pool room  
To see if she was there  
I didn't find nobody  
Nobody anywhere

So I cut on out of there  
I cut on out of there

I was standing behind this colored man  
In a bar way down town  
They didn't serve not one of us  
We didnt care a damn

Cut on out of there

I went down to jose's pool room  
See if my baby was there  
I didn't find nobody  
Nobody anywhere

So I cut on out of there  
I cut on out of there
