

# Freedom Road

Donovan

I'm gonna ride my freedom road  
I'm gonna ride it on a-my own, if needs be  
Gonna ride my freedom road  
I'm gonna ride it on a-my own

So many people trying bringing me down  
They just don't seem to think  
I've got some magic stronger than you  
You can be happy with drink, poor boys  
You can be happy with drink

I'm gonna ride my freedom road  
I'm gonna ride it on a-my own, if needs be  
Gonna ride my freedom road  
I'm gonna ride it on a-my own

All you people who march in the streets  
Against the bomb and other things  
How many do you know you're just getting used  
Just like puppets on strings

I'm gonna ride my freedom road  
I'm gonna ride it on a-my own, if needs be  
Gonna ride my freedom road  
I'm gonna ride it on a-my own
