

Love Floats

Donovan

If I was your lover, I'd take you to the sky
If you are feeling low, I will make you high
Let me be your lover, baby, I will be your beau
I can take you anywhere that you wanna go.

Let's do it again, yeah.

If I was your lover, I'd take you to the sea
Drown you in kisses like you wanna be
Let me be your lover, my mermaid on the sand
We can be in ecstasy, lemme hold your hand and she said ..

Love floats in space, that space between us
Love floats in space, that space between us.

Let me come in.

Oh, Maeve, Maeve, Maeve ..
Oh, Maeve, Maeve, Maeve ..
Oh, Maeve, Maeve, Maeve ..
Oh, Maeve, Maeve, Maeve ..

If I was your lover, I'd take you to the sky
If you are feeling low, I will make you high
Let me be your lover, baby, I will be your beau
I can take you anywhere that you wanna go, she said ..

Love floats in space, that space between us
Love floats in space, that space between us.

Love floats in space, that space between us
Love floats in space, that space ..

Love floats in space, that space between us
Love floats in space, that space between us.

...

Let me come in.

Oh, Maeve, Maeve, Maeve ..
Oh, Maeve, Maeve, Maeve ..
Oh, Maeve, Maeve, Maeve ..
Oh, Maeve, Maeve, Maeve ..
