

Season of Farewell

Donovan

Finally
I realize
I'm to be
My own surprise

This is the season of farewell
And I've finally broken the spell
This is the season of farewell
And I want you to know
Before you go...

Consequently
I'm very pleased
I used to be
Very cheesed

This is the season of farewell
And I've finally broken the spell
This is the season of farewell
And I want you to know
Before you go...

Mystery, sorcery, and guile
Used to be
What made me the lonely one
But now
I'll be the only one to plea

This is the season of farewell
And I've finally broken the spell
This is the season of farewell
And I want you to know
Before you go...
