## **Teen Angel**

All the boys in the neighbourhood Would love you if they could But I'm easy But I'm easy But I'm easy. Now that you're in demand Handle it if you can 'Cause it's easy 'Cause it's easy 'Cause it's easy. I'll take you anywhere, Buy ribbons for your hair. You need me anyway And you know what I'm going to do. Now the boys as you look about May be funny to work out But I'm easy But I'm easy But I'm easy
