

# Far from Home

The Doobie Brothers

I wish you could have stayed a little longer cause it seems like only yesterday  
You've gotten so much stronger now I know you're on your way  
We've waited for this moment now it's hard to let you go  
Cause baby when you're gone away I know I'm gonna miss you so

Spread your wings and fly away  
When the rain begins to fall  
Just remember that you'll never be that far from home

I looked in your room today I saw an old and worn out shoe  
It's one from your favorite pair. I remember when they were new  
You used to wear them everywhere when you used to hold my hand  
Time slips through your fingers just like a tiny little grain of sand

Baby just spread your wings and fly away  
When the rain begins to fall  
Just remember that you'll never be that far from home

Just remember that you'll never be that far from home  
Just remember that you'll never be that far from home  
Just remember that you'll never be that far from home

Spread your wings and fly away  
Spread your wings and fly away  
Spread your wings and fly away
