## Here to Love You

## The Doobie Brothers

I've heard it said that the weight of the world's problems Is enough to make the ball fall right through space That it ain't even worth it to live With all that's goin' wrong Well, let me just go down as saying That I'm glad to be here Here with all the same pain and laughs everybody knows

Some men think they're born to be king Maybe that's true
But I think passing love around
Is all we were born to do

Let them build their kingdoms

Let them make the laws for this world to heed

'Cause you and I make life worth living

Right here in each other's arms

I'm here to love you, baby
No more loneliness
No more emptiness
I'm here to love you

Let them build their kingdoms

Let them make the laws for this world to heed

'Cause you and I make life worth living

Right here in each other's arms

I'm here to love you, baby
No more loneliness
No more emptiness
I'm here to love you...

I'm here to love you

Just let me go on loving you Don't stop me now while I'm feeling this way...
