

Old Juarez

The Doobie Brothers

Well there's a new gunslinger in Juarez town
Fallen for a raven haired girl he found
The heat is strong but she wears a ring
That kind of love is a killing thing

Oh, oh, their eyes are shining bright
Oh, oh, dancing in the moonlight
Oh, oh, they ain't living in the shadows
Oh, oh, down in Old Juarez

He don't care about danger with this kind of love
He's either six feet under or in heaven above
She can live but he must die
Part time lover was living a lie

Oh, oh, their eyes are shining bright
Oh, oh, dancing in the moonlight
Oh, oh, they ain't living in the shadows
Oh, oh, down in Old Juarez

Back in the bar you don't see a tear in her eye
She stands there thinking, drinking to her last goodbye
Tell it baby

In the night time
The heat is rising
Out in the street
Her eyes burning bright
Down in Old Juarez

Her eyes are shining bright
Someone's watching in the shadows
Down in Old Juarez

Baby, baby please
You got me down on my knees
