

# Ordinary Man

The Doobie Brothers

In between the doubts and the dreamin'  
Comes my humble quest for a plan  
I've been out there hoverin' by  
Don't forget to pull me in sometimes

Will you be with me as I make my journey  
Through the labyrinth of time  
And I'm still waitin' for the good Lord  
To show me the way, babe

This is who you see, this is who I am  
Please forgive me if I fall sometimes  
Just an ordinary man

Will my reckless courage invite you  
To become my clever companion  
Madly in love and in love with the madness  
Get ready to run baby

This is who you see, this is who I am  
Please forgive me if I fall sometimes  
Just an ordinary man  
Enjoyin' the ride  
Savor the simple pleasure  
With you by my side

Who you see, this is who I am  
Please forgive me if I fall sometimes  
Just an ordinary man
