

Ordinary Man

The Doobie Brothers

In between the doubts and the dreamin'
Comes my humble quest for a plan
I've been out there hoverin' by
Don't forget to pull me in sometimes

Will you be with me as I make my journey
Through the labyrinth of time
And I'm still waitin' for the good Lord
To show me the way, babe

This is who you see, this is who I am
Please forgive me if I fall sometimes
Just an ordinary man

Will my reckless courage invite you
To become my clever companion
Madly in love and in love with the madness
Get ready to run baby

This is who you see, this is who I am
Please forgive me if I fall sometimes
Just an ordinary man
Enjoyin' the ride
Savor the simple pleasure
With you by my side

Who you see, this is who I am
Please forgive me if I fall sometimes
Just an ordinary man
