

Take Me to the Highway

The Doobie Brothers

Drove my car to the top of the hill
And I looked out across the town
I got the urge to move again
I guess I'll never settle down
We talked about things getting better
But they still looked the same to me
Could be a near sighted heart
Seein' what it wants to see

So take me to the highway
Take me far from here
These days I'm not seein' anything too clear

Nothin' seems to move fast enough
When time isn't on your side
Can't seem to keep the wheels in motion
No matter how hard you try

I need another point of view
Someplace I've never seen
Keepin' my eyes wide open
Goin' where I've never been

So take me to the highway
Take me far from here
These days I'm not seein' anything too clear

I've been lookin' for an answer
And I've got a long way to go
But when I reach that place
I know I'll find what I'm lookin' for
