## Take Me to the Highway

## The Doobie Brothers

Drove my car to the top of the hill
And I looked out across the town
I got the urge to move again
I guess I'll never settle down
We talked about things getting better
But they still looked the same to me
Could be a near sighted heart
Seein' what it wants to see

So take me to the highway
Take me far from here
These days I'm not seein' anything too clear

Nothin' seems to move fast enough When time isn't on your side Can't seem to keep the wheels in motion No matter how hard you try

I need another point of view Someplace I've never seen Keepin' my eyes wide open Goin' where I've never been

So take me to the highway
Take me far from here
These days I'm not seein' anything too clear

I've been lookin' for an answer
And I've got a long way to go
But when I reach that place
I know I'll find what I'm lookin' for
