

Empty, so empty
Barren and cold
Distant, so distant
Too far to reach

Time slips away, I fall
All I fell is pain, nothing more
I cry in shame of knowing my faults
And nothing seems to help me anymore

I fall

Bitter, so bitter
Life so sweet

I break, I see, I suffer
I grope, I fall, I die
For you

I leave today, my life
I slowly wither away

For you; I broke with tears
For you; I loved for you years
Draining myself from everything

For you; I opened the door
For you; I gave it all up
My life, my dream...everything
