

## Thundercult

DoomSword

Upon this twisted land  
And consecrated by the Gods' touch  
I shall create the cult of myself  
Where the sky and earth and divine fire  
are one  
I shall create my Thundercult

May the sensation of the Thunder  
Descend onto me  
I am thunder, I am divine  
I am the Thundercult

May the thunder be in my hand  
In my chest and my voice  
May I be a living Thundercult

May the sensation of the thunder  
Descend onto me  
I am thunder, I am divine  
I am the thundercult  
This way the sentence from above  
Shall manifest itself  
Thus the cult was consecrated  
The Throne of Thunder is mine
