

Blackout

Dope Stars Inc.

I have granted user rights to configure
a colossal system shock like you never ever heard
Now a malware is right to break into your plant
Ready. Bingo. Counting down for the blackout

I have granted user rights to configure
an enormous system shock like you never ever had
Now a malware is right to break into your plant
Ready. Bingo. Counting down for the blackout
Ready. Bingo. Counting down for the blackout

You think i am kidding so
why don't you go
into the dark road
whooo

darkness coming
not 4 your b-day
Just a present to say
"look there a breach into your net"
It's a "no way" note to keep into your heart
If you don't, be ready for another black out
If you don't, be ready for another black out
