

## It's For You

Dope Stars Inc.

It's for you  
That I push inside myself  
It's for you  
You my girl you my hope  
It's for you  
That I would just sell my own  
It's for you that is worth to die  
And hope that you can understand

But it's hard hard hard  
And even if you can't  
Believe and read me down  
I'll show you from the ground  
And hope you get how much you turn me round  
You turn me round
