

# Platinum Girl

Dope Stars Inc.

I've never seen you standing proud  
no single light inside the crowd  
you feel so sorry for yourself  
you dream to be somebody else

Living and bleeding  
this suffering can't stop in your head  
living and bleeding  
and nothing can make you understand

A platinum girl  
lives inside of you

You're pure platinum  
you're pure platinum to me  
you're more than I ever dreamt to see

My guiding light inside the crowd  
I always saw you standing out  
you make my sorrow disappear  
my solitude, my pain and fear

Living and breathing  
there's more to the life that you had  
Living, believing  
will guide you to find your promised land

You're pure platinum  
you're pure platinum to me  
you're more than I ever dreamt to see  
You're pure platinum  
you're pure platinum to me  
I hope you were the one for me...
