

There's something about the way we fit  
There's something about this psycho trip  
There's something about the way we groove  
Something's got me and I just can't seem to choose  
I want you  
I hate you  
The one I love I hate  
But the sex is great  
The one I love I hate  
So I contemplate  
The one I love I hate  
But the sex is great

There's something about the way we slide  
There's something about this psycho ride  
There's something about the things we do  
Something's got me and I just can't seem to choose  
I want you  
I hate you  
The one I love I hate  
But the sex is great  
The one I love I hate  
So I contemplate  
The one I love I hate  
But the sex is great

One... Two... Fuck you  
Never say no  
I'm ready to go  
We're out of control  
But I can't let you go

There's something about the way we fit  
There's something about this psycho bitch

The one I love I hate  
But the sex is great  
The one I love I hate  
I could suffocate  
The one I love I hate  
But the sex is great

I love to hate you  
I love to hate you  
Bitch
