

I Am Nothing

Dope

Come on
You could say I am nothing
Few could say I am something
You could say I am nothing
You could say I am nothing

I dont want simplicity
Little while fence and for me
You think you're so interesting
I could be you any day

You cant sell me nothin that could change my mind
You cant see through nothin
You're so fuckin blind

Punk police wanna follow me
You aint got mother fuck on me
Tried me once and they set me free
Drop your gun and step to me

You cant sellme nothin that could change my mind
You cant see though nothin
You're so fuckin blind

Sell me somethin, sell me somethin
Sell me somethin, sell me somethin
You could say I am nothing
You could say I am nothing

You cant sell me nothing that could change my mind
You cant see through nothin
You're so fuckin blind

Sell me somethin, sell me somethin
Sell me somethin, sell me somethin
