

# My Funeral

Dope

Now, as I lay here in the dark  
And I think back to the start  
I know some things have to end  
For the next one to begin  
I walk alone free at last  
I feel the pressure letting go  
From the very bottom of my soul  
Flash your bone from the past  
Light the ashes in the rain  
And fade away  
It's my funeral

Welcome you all  
This is the end of the line  
So thank you for coming along  
My time has come  
I don't wanna leave you behind  
But this one I'll do on my own

Now, as we stand two worlds apart  
The times hardened up my heart  
From a world of no regrets  
That I hope won't soon forget

I walk the line on broken glass  
I let the passion take control  
Of the very bottom of my soul  
Cross the line, fade to black  
Hold the candle to the flame  
And light the way  
To my funeral

Welcome you all  
This is the end of the line  
So thank you for coming along  
My time has come  
I don't wanna leave you behind  
But this one I'll do on my own!

It's my funeral  
Welcome you all  
This is the end of the line  
So thank you for coming along  
My time has come  
I don't wanna leave you behind  
But this one I'll do on my own

This is the end of the line  
So thank you for coming along

My time has come  
I don't wanna leave you behind

But this is the end of the line  
It's my funeral
