

Nothing for Me Here

Dope

How many times should I stop and believe in myself
I don't believe much in anything
I've seen enough of the pain and the shame and the blame
It don't amount up to anything

Now I rewind
Back to a time
Where I would do anything and pay any price
And I need time
'cos I'm starting to think
That the promises ain't worth the sacrifice

And there's nothing for me here!
There's nothing for me here...

How many nights should I walk in my sleep
As I dream of how much I wanna run away
I've had enough of the stress and the mess
I can't take any more
I gotta get away

Now I know why
I'm empty inside
And I'm sure I've only got myself to blame
And I don't try
To view the lies
It's just a waste of time we'll never be the same

There's nothing for me here
There's nothing for me here
There's nothing for me here
I gave you my life and it's fading away
There's nothing for me here
I gave you my life just to fade away

And I can't go on
And I can't explain
When everyone's going on
Life's folding the blame
And I can't rewind
And there's no escape
It's been so long that I just
Don't feel the same

There's nothing for me here
There's nothing for me here
There's nothing for me here
I gave you my life and it's fading away
There's nothing for me here
I gave you my life just to fade away

How many times should I stop and believe in myself
I don't believe much in anything

There's nothing for me here
There's nothing for me here
I gave you my life just to fade away
