

Nothing (Why)

Dope

I dreamt of all that we could be
And all the thing you couldn't
I let you walk away from me
I guess there's nothing left to say
And it is all right

Cause you and me we got nothin
And I'm sorry that I never let you in
And I'm not doin this again, why
Cause you and me we got nothing
Why, no

I felt this grow inside of me
I didn't think you'd disagree
It's not the way it should be
Will you just shut up and listn to me
It's not the way that it should be
And I'm sorry

But you and me we got nothin
And I'm sorry that I ever let you in
And I'm not doin this again
Cause you and me we got nothin
Why

I dremt of all that we culd be
And I offer no apology
But I'm sorry

"Boom"
