Stop

Dope

Go

Can't you see that we are running out of time
I am dying but I will not die
Somebody save me from myself
Somebody save me

Stop, wait a minute
Stop, sinking in it
Oh, not again
Now stop it you're exaggerating
Stop

Life's so screwed up and I can't describe
All the bullshit that I feel inside
Somebody save me form my hell
Somebody save me

Stop, wait a minute
Stop, sinking in it
Oh, not again
Now stop it you're exaggerating

Stop, wait a minute
Stop, sinking in it
Oh, not again
Now stop it you're exaggerating

Stop, stop, stop, stop
Go, go

Somebody save me from myself
Somebody please before I melt
Somebody save me from my hell
Somebody save me, save me

Stop, wait a minute
Stop, sinking in it
Oh, not again
Now stop it you're exaggerating

Stop, wait a minute
Stop, sinking in it
Oh, not again
Now stop it you're exaggerating

Stop, stop, stop
Go, go
Stop go, go, stop
