

## Survive

Dope

Fuck 'em  
Can't stop me think I'm messin around  
You think I'm messin around  
Well are you messin around with me  
Truth is I've seen the ups and the downs  
And through the losses and the founds  
Well I'm right where I wanna be

Stop thinking everybody's shakin  
You never get a break you're never gonna go  
Stop thinking everybody's shakin  
I never gotta break but

I survive  
You can tryn but you can't deny me  
I survive  
Like a lie that just won't die  
I survive

Fuck you ya think I'm messin around  
You think I'm messin around  
Well I ain't messin around you see  
Back off you'll find your ass on the ground  
And when I roll through your town  
Well I'll be layin you down to sleep

Stop thinking everybody's shakin  
You never get a break you're never gonna go  
Stop thinking everybody's shakin  
I never gotta break but

I survive  
You can tryn but you can't deny me  
I survive  
Like a lie that just won't die  
I survive
