

## Voodoo Crush

Dope

This is full of hatred  
for what you've done to me  
Life is so frustrated  
beneath the skin you see  
I tried not to see you  
to see what's not there  
tried so hard to be you, yeah  
now I'm nowhere

I've had enough  
I've got nothing left  
I've had enough  
man I'm done with it  
I've had enough  
I've got nothing left  
I've had enough  
man you're full of shit

This is what I'm bleeding  
& why I've gone severe  
what is so worth saving  
& suddenly you care  
I tried not to hate you  
to see what's not there  
tried so hard to beat you, yeah  
now I don't care

I've had enough  
I've got nothing left  
I've had enough  
man I'm done with it  
I've had enough  
I've got nothing left  
I've had enough  
man you're full of shit

What a life I've wasted  
I've known the whole time  
I know I'm fading  
but now I don't mind
