Dissolved the life in me
You crawled inside of me
You wanted everything
You took it all from me
You fucking talk to me
So now I'm drunk and I'm miserable
And I like it, oh yeah
Hooked on junk and I'm pitiful
And I like it, oh yeah

Wake up For what Wake up For what

I hear you're loney and miserable And I like it, oh yeah Hooked on junk and you're pitiful Do you like it, oh yeah

Wake up For what Wake up For what
